DISCUSSION:

The purpose of this memorandum is to provide staff participating in the After-Hour/Holiday Call-Out Procedure pilot, an opportunity and a framework in which to provide feedback for the pilot evaluation. Input from actual field experience is crucial to the evaluative process, so observations, experiences and suggestions for improvement are appreciated. We are requesting supervisory staff to:

- Access the attached survey;
- Consult with after-hour/holiday field staff participating in the pilot;
- Compile staff feed back (using specific examples whenever possible); and
- Report the information via email to Randall McDermit, Program Development Specialist, by March 19, 2004.

After responses are collected the information will be compiled, reviewed, summarized and will weigh significantly in the decision to implement the protocol statewide, altering procedures as necessary.

NECESSARY ACTION:

1. Supervisory staff of pilot sites, review this memorandum with your Children's Division Staff.
2. Supervisory staff of pilot staff, provide feedback to Randall McDermit, Program Development Specialist, by March 19, 2004.
3. All questions should be cleared through normal supervisory channels.
